About Me

I am a dedicated and tech-savvy Bachelor of Computer Applications (BCA) student with a strong foundation in web development and a passion for technology. Skilled in developing websites using WordPress, I enjoy creating user-friendly and functional digital solutions. I am eager to apply my knowledge in real-world projects, expand my technical expertise, and contribute to innovative IT solutions.

Experience

Simar Technology

Nov 2023 - 2025

- Developed and maintained multiple WordPress websites for clients, ensuring responsive design, optimized performance, and user-friendly interfaces.
- Customized WordPress themes and plugins using HTML, CSS, and basic PHP to meet specific client needs and design requirements.
- Integrated SEO best practices to enhance website visibility and improve search engine rankings.
- Collaborated with clients to gather requirements, provide technical support, and deliver projects on time.
- Ensured cross-browser compatibility and mobile responsiveness for all websites.

Internships

Necho Technology

Nov 2021 - 2022

- Played a key role in designing and developing websites using WordPress, ensuring seamless user experiences and responsive design.
- Customized website layouts using HTML and CSS, while adhering to client requirements and modern design trends.
- Designed visually appealing digital content, including logos, banners, and social media posts, using Canva for both web and marketing purposes.
- Assisted in maintaining websites, resolving technical issues, and optimizing site performance for improved SEO results.

Key Technologies & Tools: WordPress, HTML, CSS, Canva, SEO Plugin.

Certification

- WordPress Development
- Python Programming
- Canva Design
